PRICE: 595,- EUR

Price without transport

This is a backcountry paradise. Accessible and remote at one time. Not extreme though demanding. **Boca valley in Low Tatras** and **Ziarska Tal in west Tatras** provides very good snow conditions each winter and are ideal **for skitourers looking for adventure in wild nature out of skilifts**. We will follow the steep ridges or high altitude meadows, make own offthe trek skipaths, visit mountain huts, reach peaks **Dumbier (2050m) and Placlivo (2123m) and Hrubá Kopa (2166m)**.

Our backcountry week in Low and West Taras we operate from 2 great mountain bases (Nizna Boca 860 m and Ziarska Hut 1300 m). The tour selection is great. Most skitours starts from doorstep of our accommodation. The ski tours are not extremely difficult, but require good physical condition and appropriate ski technique in every snow. Suitable for beginners skitourers. The ski tour week can be extended by one day in the High , West Tatras or also in the Low Tatras.
